# Welcome Back!

**E**l Dorado County is one of the most diverse, beautiful places you'll ever visit. Sierra scenery is nothing short of spectacular, spanning across more than 1800 square miles with elevations ranging from just a few feet to more than 10,000 feet above sea level. We are open and couldn't be more excited to welcome you at our attractions, on our hiking trails, in our wineries and restaurants. But as folks move around the county – and the state of California – we ask you to do so safely and respectfully by adopting the California Responsible Travel Code.

**ROAM RESPONSIBLY.** I will explore California thoughtfully and responsibly, maintaining the utmost respect for everyone and everything I encounter.

**EDUCATE MYSELF.** I will do my research before traveling across the state, familiarizing myself with local regulations and community concerns, which may have changed over time.

**SAFETY FIRST.** I will follow public health directives from government officials, including physical distancing measures. I will take all the necessary steps to minimize health risks to myself and others and stay home if I'm sick.

**PRESERVE CALIFORNIA.** I will protect and nurture the Golden State's pristine outdoor spaces and cultural icons by maintaining a light footprint at every turn and paying special attention to delicate ecosystems.

**EMBRACE COMMUNITY.** I will support local businesses and do my part to ensure the long-term prosperity of the places I visit.

**CELEBRATE CULTURE.** I will immerse myself in California's diverse local cultures and embrace the traditions and practices I encounter.

**TEACH OTHERS.** I will lead by example and share these practices with fellow travelers, acknowledging that we all share the responsibility to protect California.

In addition to wonderful art, there is great food and live music, plus some of the area's most prestigious wineries and award-winning craft breweries pouring unlimited tastings each day. The event runs 11 am – 5 pm daily.

# Where the California Gold Rush Began

*This is where it all began. It was here, on January 24, 1848, that James W. Marshall discovered gold on the South Fork of the American River in the valley the Nisenan Indians knew as Cullumah (beautiful valley), touching off the largest gold rush in history. This singular event not only changed the fate of California but the entire nation. The population of California and what would become El Dorado County exploded with miners hoping to strike it rich.*

Today, Marshall Gold Discovery State Historic Park is home to the gold discovery site, located in the still visible tailrace of Sutter's sawmill in present day Coloma, is one of the most significant historic sites in the nation. See a replica of the original sawmill and over 20 historic buildings including a mining exhibit, Chinese store exhibits and schoolhouse exhibit. The park offers beginning panning lessons, Gold Discovery Tours, operating blacksmith shop, Gold Discovery museum, visitors center and mercantile. Visitors have the opportunity to pan for gold in the American River and enjoy hikes and picnics under the riparian oak woodlands. If it is true that history repeats itself, you've come to the right place!

# Small Town Charm<sup>x2</sup>

Placerville & Georgetown

*Placerville* is a charming California Gold Rush town named after the placer gold deposits found in its riverbeds and hills in the late 1840s. Located at the crossroad of Highway 49 & Highway 50, this is a perfect stop on the popular route to Lake Tahoe. Placerville's treasured heritage can be seen in the historical, 19th century architecture of its downtown core. An important historic landmark on Main Street is the Bell Tower, which still stands as a monument to the city's volunteer firemen. Stroll the street or shop till you drop at one of the more than 50 unique shops, fine art galleries, and restaurants.

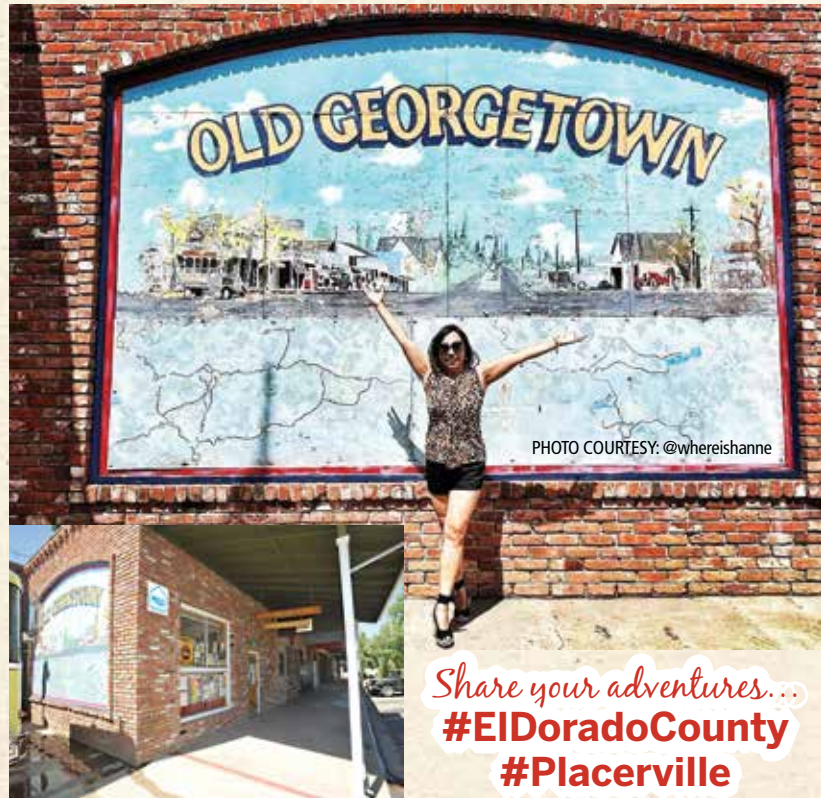

## Georgetown

Main Street in Georgetown looks much as it did long ago with its wide streets and historic buildings. A young man named Hudson is credited with discovering the rich diggings in Georgetown in the summer of 1849. Soon after, a company of sailors lead by George Phipps began working the stream at a spot below the present townsite where they uncovered rich placers and took out a fortune in gold. Located off of Highway 193, this hidden gem is definitely worth the road trip. Today you will find quaint shops, eateries and antiques. Don't miss the impressive Art on the Divide Gallery or take in a tall tale or two at the Georgetown Hotel & Saloon.

# WAKAMATSU Farm

A landmark historic farm in Placerville, California, Wakamatsu Farm is the original site of the Wakamatsu Tea and Silk Farm Colony established June 8, 1869.

PHOTOS COURTESY: Melissa Lobach

Wakamatsu Farm is the site of the first Japanese Colony in America established in 1869. With history dating back to California's first people and the pioneer settlers of the Gold Rush, now Wakamatsu Farm can become part of your own special memories.

The farm is located on 272 picturesque acres just 1 mile north of Coloma nestled among gently rolling hills of wildflowers, ponds, majestic oak trees, open pastures & abundant wildlife.

Visitors of all ages enjoy fun, educational, and enriching activities. The public visits during scheduled tours, events, and programs or open farm days.

# Finding Gold in Fair Play

Fair Play AVA (American Viticulture Area) is often described as a hidden gem or best kept secret by first time visitors. There is a sense of discovery when newcomers ask, "How did we not know about this beautiful wine region?"

The Fair Play AVA, located in the heart of El Dorado County, is one of the fastest growing wine regions in Northern California. What makes the Fair Play AVA so special is the altitude, climate and unique granite soil conditions that make it perfect for growing Mediterranean and Southern European varietals such as Rhone (Syrah), Bordeaux (Cabernet) and Italian (Barbera) style wines. The wine region is rich in history, where veteran winemakers built their wineries offering small lots of hand-crafted wines.

Reminiscent of Tuscany, Fair Play has 27 wineries nestled in a beautiful vista surrounded by rolling vineyard hills and mountain scape. In the last three years, six new wineries opened their doors energizing the area by producing high-quality award-winning wines. Recently, Wine Enthusiast, Wine Spectator and Spirit Magazines have awarded 90+ ratings to Fair Play wineries. Fair Play wineries have also won many, gold and double gold medals including top awards in prestigious national and international wine competitions for decades.

You will be immersed in breathtaking views, amazing wines, great food, fun events, and friendly people. The local vintners in Fair Play make your visit authentic and welcoming. If you haven't visited Fair Play, put this up and coming wine region on the top of your list. You will be glad you discovered Fair Play, the hidden gem of the Sierra Foothills.

Fair Play and its wineries are located just 40 minutes from Folsom on the southwest side of El Dorado County bordering Amador County.

# Dog Friendly Trails

## with tips from the locals

### Cronan Ranch Regional Trails Park

Located four miles north of Coloma on Highway 49 and The Park contains miles of trails for hiking, biking, horseback riding, fishing, and bird watching. The borders of the Park contour the South Fork American River, Highway 49, Pedro Hill Road, and private lands. The Park is open daily from sunrise to sunset year-round. You'll find a wide variety of terrain to choose from, including gently sloped to challenging hills, oak woodland, and gentle riverfront trails. These are two local favorites.

#### Down and Up and Sky Ridge Trail Loop

A lightly trafficked loop trail located near Pilot Hill primarily used for hiking, walking, running, and mountain biking and is accessible year-round. The trail traverses through picturesque oak studded landscape and along the South Fork of the American River.

**\*\*Local insider tip** — After completing most of the “Up” part of the down and up trail is the cabin that you may recognize from the movie “Love Comes Softly” starring Katherine Heigl, Dale Midkiff and Corbin Bernsen.

**Hiking Level:** Moderate    **Distance:** 5.4 miles  
**Route:** Loop    **Elevation Gain:** 866 ft

#### Greenwood and Gerle Loop

A moderately trafficked loop trail located near Lotus, that features beautiful wild flowers and is good for all skill levels. The trail is primarily used for hiking, walking, nature trips, and bird watching. This is a beautiful peaceful trail with a nice view of the river. The hill at that end of Greenwood Creek portion is most of the elevation change but not very long.

**\*\*Local insider tip** — In the summer take a few moments to dip your toes in the cool water of the American River or take a picnic and watch the rafters and kayakers pass by.

**Hiking Level:** Easy    **Distance:** 2.6 miles  
**Route:** Loop    **Elevation Gain:** 190 ft

### Auburn State Recreation Area Rim Trail via Olmstead Loop Trail

Rim Trail via Olmstead Loop Trail is heavily trafficked loop trail located near Cool, California that features a lake. The trail offers a number of activity options and is accessible year-round but best during spring and fall. It features plenty of green forests, rolling hills, multiple creek crossings.

**\*\*Local insider tip** — The small town of Cool has a couple of culinary surprises within walking distance of the Olmstead Loop Trailhead. How about wine tasting at Rossa Lucca Estates...why not you earned it. If you are looking for lunch America River Pizza & Grill has pasta, sandwiches, salads, wraps AND pizza. If you have a sweet tooth...or two Cool Coffee & Crumbs is a must.

**Hiking Level:** Moderate    **Distance:** 8.2 miles  
**Route:** Loop    **Elevation Gain:** 587ft

### Red Bank to Brown's Ravine Trail

Red Bank to Brown's Ravine Trail is a moderately trafficked out and back trail located near El Dorado Hills, California that features a lake. Scenic dirt trail starts at Mormon Island Cove and ends at the trailhead at the entrance to Brown's Ravine where there are picnic tables, water and restrooms. Currently no signage exists for this trail. The entire trail is within the Folsom Lake State Recreation Area (FLSRA) and is open to pedestrians, bikers and equestrians & Dogs must be on leash.

**\*\*Local insider tip** — Red Bank is the small underwater community at Mormon Island Cove that surfaces in times of drought. Red Bank had a mine, a winery, and eventually a dairy. It also included a few orchards and ranches nearby. In its heyday, the Red Bank Winery produced 40,000 gallons of wine and 7,000 gallons of brandy every year. If you want to cut the distance in half have a vehicle waiting for you at Brown's Ravine.

**Hiking Level:** Moderate    **Distance:** 4.8 miles  
**Route:** Out & Back    **Elevation Gain:** 334 ft

# LAKE TAHOE

Lake Tahoe is a world-class year around vacation destination located along the eastern edge of El Dorado County. While hotels and ski resorts draw millions of guests each year, the area's main attraction continues to be the restful silence of the wilderness and the awe-inspiring beauty of the Lake. As the Washoe Indians realized centuries ago, the "edge of the lake" is a unique and special place.

# Where to Play on a snow day...

**W**inter in El Dorado County means snow...in some cases, lots of it. If you're looking for places to build snowmen, sled in fresh snow, or have a snowball fight, you're in luck. There are numerous locations throughout the region which are set up specifically for that.

## California SNO-PARKs

There are 19 SNO-PARK sites throughout the Sierra Nevada. Each has a distinctive brown highway sign identifying its location. At each SNO-PARK, visitors have access to snow-cleared parking lots and sanitation facilities and are open seasonally between November 1 and May 30. The sites can accommodate self-guided activities such as snowmobiling, cross-country skiing, and general snow play. Day use permits may be purchased for \$5.00 or a season permit for \$25.00 from various vendors throughout California and Nevada. More information: [parks.ca.gov/?page\\_id=1233](http://parks.ca.gov/?page_id=1233) or call the OHMVR Division at (916) 324-4442

## Taylor Creek

Taylor Creek Parking Lot. West side of Highway 89, just north of Camp Richardson in El Dorado County. Cross-country skiing to Fallen Leaf Lake. Limited snowmobiling and snow play. Call USFS at 530-543-2600.

## Iron Mountain

Iron Mountain Parking Lot. North side of Highway 88, at the Mormon-Emigrant Trail Road, 40 miles east of Jackson in El Dorado County. Extensive snowmobile trails. Cross-country trails and snow play areas. Call USFS at 209-295-4251.

## Carson Pass

Ranger Station Carson Pass. South side of Highway 88 at Carson Pass 60 miles east of Jackson in Alpine County. Very popular cross-country ski area with limited snow play. No snowmobiles. Call USFS at 209-295-4251

## Echo Lake

North side of Highway 50 at Echo Lake Road half mile west of Echo Summit. Popular cross-country ski area with limited snow play. No snowmobiles. No parking on entry road. Call Lake Tahoe Basin Management Unit at (530) 644-2324

## Hope Valley

Hope Valley Parking Lot. South side of Highway 88 at Blue Lakes Road 5 miles east of Carson Pass and 2 miles west of Picketts Junction (Hwy. 88 and 89) in Alpine County. Snowmobile trails, cross country skiing, dog sledding and limited snow play. No overnight parking allowed. Call USFS at (775) 882-2766

## Tube Tahoe

Tube Tahoe is the home of winter fun for the whole family. At over 500 feet in length, their machine groomed tubing lanes are some of the longest in the area. They're located in Meyers, next to the Holiday Market. <https://tubetahoe.com/>

## Adventure Mountain Lake Tahoe

This privately owned snow play area features groomed and managed sledding hills, restrooms, and parking. User fees are \$35 - \$40 per vehicle, and there's an extra parking fee for larger vehicles such as motor homes and vehicles with trailers. Currently, there are no season passes and no overnight parking. Adventure Mountain is not part of the SNO-PARK system; therefore, they do not accept SNO-PARK tickets. <http://adventuremountaintahoe.com/> Hours: Monday – Friday 10 am to 4 pm, Saturdays, Sundays and Holidays 9:00 am to 4:30 pm, from late November to April, weather and snow permitting.

Please help us keep these special places open for years to come. Pack out your trash, including broken sleds. Park in designated areas. Thank You!

## Desolation Wilderness

Desolation Wilderness, located west of Lake Tahoe in El Dorado County, may be considered small for a wilderness area at nearly 64,000 acres, but it compensates with dramatic scenery ranging from starkly beautiful granite to cerulean blue alpine lakes.

Visitor permits are required year-round for both overnight and day hikes. Its many glacially formed lakes and streams make it one of the most scenic stretches of the Pacific Crest Trail and Tahoe Rim Trail.

# Where to find fall colors around El Dorado County

**L**eaf peepers, social media rock stars, and anyone looking for Mother Nature's annual show of colors will find that in spades in and around El Dorado County during the autumn, where the trees explode in color from late September through early December.

Those looking for the first colors of the season should head to the Carson Pass, Hope Valley and Monitor Pass regions, accessible via state highways 88 and 89. Here, expansive hillsides of quaking aspen flame brilliant gold, with occasional hints of orange. The dark blue high-elevation skies, craggy snow-dusted peaks, and greenish-black conifers are a dramatic contrast – and ensure your Instagram photos will pop!

The high country doesn't have all the fun. Fall colors are everywhere at lower altitudes, too. The native black oak, found throughout the Sierra

Nevada foothills between elevations of about 1,000 and 5,000 feet, boasts leaves that turn a brilliant gold. If you happen to be traveling on Highway 50 through Placerville in El Dorado County, you will also see fiery-red pistache trees.

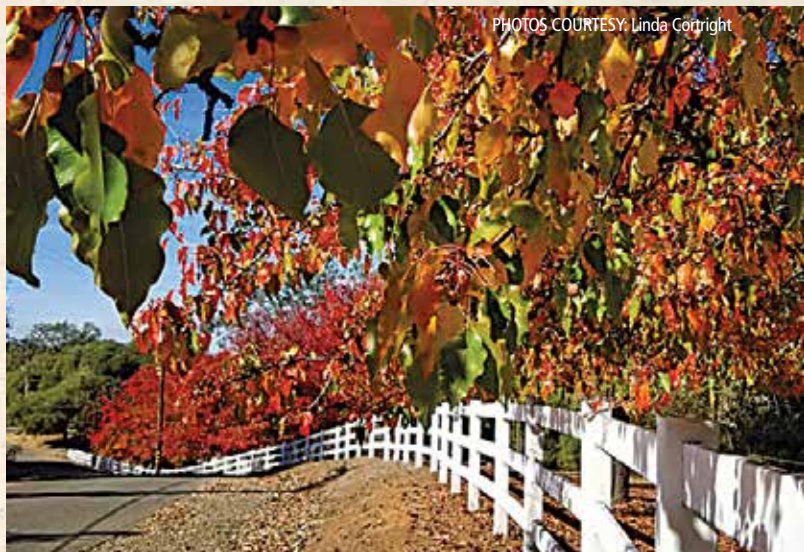

Here are a few of our favorite places to spot fall at its best:

**Marshall Gold Discovery State Historic Park** – Enjoy the spectacular view along the American River as well as the many stands of colorful trees along Hwy 49 heading toward Auburn. Located in Coloma on Highway 49.

**Apple Hill Growers** – Brilliant fall colors provide a beautiful backdrop for this bucolic farm region. Sample a multitude of apple and pumpkin delicacies at the many farms and orchards while you view the splendor of fall. Located in Camino off Highway 50.

**Grass Lake** – You'll find magnificent groves of Quaking Aspen surrounding his beautiful lake/meadow located at the top of Luther Pass on Highway 89 just off Highway 50.

**Fallen Leaf Lake** – Take a short hike to the shores of the lake, where you can see Mt. Tallac framed by Quaking Aspen. Located on Fallen Leaf Lake Road off Highway 89 just north of South Lake Tahoe.

## This is an angler's paradise!

**T**he various streams and creeks in El Dorado County hold more trout than most people think. You can find a map showing all of the named streams and creeks on the west slope of El Dorado County simply by visiting [eldoradotu.org](http://eldoradotu.org). Once there you can select your favorite stream, then check the fish index attached which shows you the type of trout you can expect to find on the end of your line when fishing that water. All streams that drain into the American River watershed are open year round with certain restrictions.

# RUBICON TRAIL

## CROWN JEWEL OF ALL OFF HIGHWAY TRAILS

PHOTOS COURTESY: Anthony Cupaiuolo "First Tracks Productions"

**THE RUBICON TRAIL** is a 22-mile off-road adventure that cuts across the Sierra Nevada, between the gold rush town of Georgetown and the pristine Lake Tahoe. It boasts stunning, panoramic views of the Sierra Nevada, fields of boulders and interlocking flat stone, and sweet-smelling pine and fir trees.

This is an off-road experience of a lifetime that will test your mental and physical limits as well as your technical skills and preparation. It offers the courageous motorist a chance to travel a historical path through one of the nation's most treasured natural landscapes. It is widely recognized as the premiere OHV route in the United States and has been called the "crown jewel of all off highway trails." At one time, it was revered as the most difficult, rated 10 on a scale of one to 10, due to its narrow passages, rocky climbs, and occasional mud hole.

In 1953, the Rubicon Trail hosted the first Jeep Jamboree, which continues every year to this day on the last weekend of July.

The Rubicon Trail Foundation, Friends of the Rubicon, El Dorado County, and the Eldorado National Forest are the trusted stewards of the Rubicon Trail, ensuring sustainability for this special place. Their continued efforts and collaboration are vital to keep this "crown jewel" of OHV routes open and dedicated to the future health of the Rubicon Trail.

## Visit Quilt Trail Project

January 2022 marks the 7th anniversary of EDC-FTA Quilt Trail Project's beginning, or being "On the Road with the Quilt Trail Project", as the members fondly say. There are 25 Americana works of art, AKA barn quilt blocks, dotting El Dorado County. The "Trail" continues to grow and is seen as a boon to agri-tourism, Ranch Marketing, Primitive art and community accomplishment.

Every barn quilt block tells a story that's unique to the location. As you cruise the "Trail", placards below the art explains the particular meaning and design...always an education and bit of discovery.

For 7 years, barn quilt enthusiasts have planned adventures, visiting this region to partake in the barn quilt movement. It's amazing to think of the coast-to-coast connection that was sparked in America in 2001 in Ohio, along with the fact that the EDC-FTA Quilt Trail Project is part of a national map.

The Quilt Trail Project extends the invitation to learn more, to attend a barn quilt paint party and/or to install your very own design in any given corner of El Dorado County.

Visit [edc-farmtrails.org/our-trails/quilt-trail-project](http://edc-farmtrails.org/our-trails/quilt-trail-project) for information, a map or an application.

# Healthy Farms, Healthy Farm Life, and Healthy Farmland – The Goals of El Dorado County Farm Trails

By Mike Owen, El Dorado County Farm Trails President

Buying products and produce from Local Farms is more than a trend. In California it has become a way of life with over a third of the nation's direct farm sales taking place in our state! Visiting those farms and meeting the people who wrest sustenance and flavors from the soil is a valuable educational experience for all. Taking the next step to share those fresh farm products with family and friends is a refresher course in Mother Nature's Bounty for all.

El Dorado County is the best location in California to experience local farms because the agricultural businesses and farms are as varied as the county itself. From cattle on the grasslands, to grapes and truffles grown among the oak trees, to blueberries and apples in the pines, our region produces something (tasty) for everyone. Agritourism is at the heart of El Dorado County and therefore not only includes our farmers, but also local businesses who partner with our farmers to provide their customers and guests with a unique and local experience. The Farm Trails organization is committed to promoting farm tourism, preserving open lands, advocating for responsible water stewardship, and enabling an economically viable rural lifestyle. From our lively Wednesday evening Farmers' Markets in Placerville, to events supporting world-class wineries and tasty

U-Pick fruit farms, Farm Trails actively supports the health and success of these rich and varied facets of our Agricultural Splendor!

Another of our core missions is to unite the various elements of agriculture in El Dorado County and take direct action in the common interest of the Agricultural community. We're working to take a big-tent, all-inclusive approach with specialty agriculture groups including the Placerville Garden Club, EDC Growers Alliance and the El Dorado Grape Growers Association.

We invite you to put a picnic together, tie on your walking shoes, and get out to meet our El Dorado County farmers. You can choose one of the curated Farm Trails listed in this guide or find your own way with our authorized app named "MOPO" (available on both Android and iPhone). Take a tour at one of our U-Pick farms, try a sample of the latest creations from our Cider and Ale producers, or search for the perfect organic pumpkin at one of our local family farms. All of our farms are set up to make a day out exploring in El Dorado County more than memorable.

## Know your Farmer, Know your Food O'Halloran's Apple Trail Ranch

**53 years and going strong!** In 1968 Pat and Donna O'Halloran made this ranch their home and raised their five children here. The family has been working in just about every aspect of farming ever since and is now into the third generation.

Donna is still actively involved in the farm operations and enjoys greeting our customers each season. We'd like to welcome you to our family friendly ranch to enjoy all it has to offer!

Choose from 16 apple varieties from our bins or pick

them yourself. We love our four varieties of pears. And, have pumpkins on the vine in our three-acre patch for your pumpkin hunting pleasure. We offer five varieties of Christmas trees which we nurture throughout the year, Choose and Cut at its best!

Some additional offerings include a grassy picnic area, nature trail, fresh apple cider, applesauce, apple butter, grafted tree from an original Johnny Appleseed tree.

# El Dorado County Farm Trails

## You Pick Family Adventures....

Many of our farms in El Dorado County offer you pick opportunities for customers. Beginning in May and June cherries are ripe; in June berries begin to ripen along with lavender; vegetables and flowers are available all summer; Fall brings apples, grapes, and pumpkins; the day after Thanksgiving starts off the Choose and Cut Christmas tree farms opening. **Call ahead to see opening times at each farm.**

# WINE COUNTRY

IN EL DORADO COUNTY

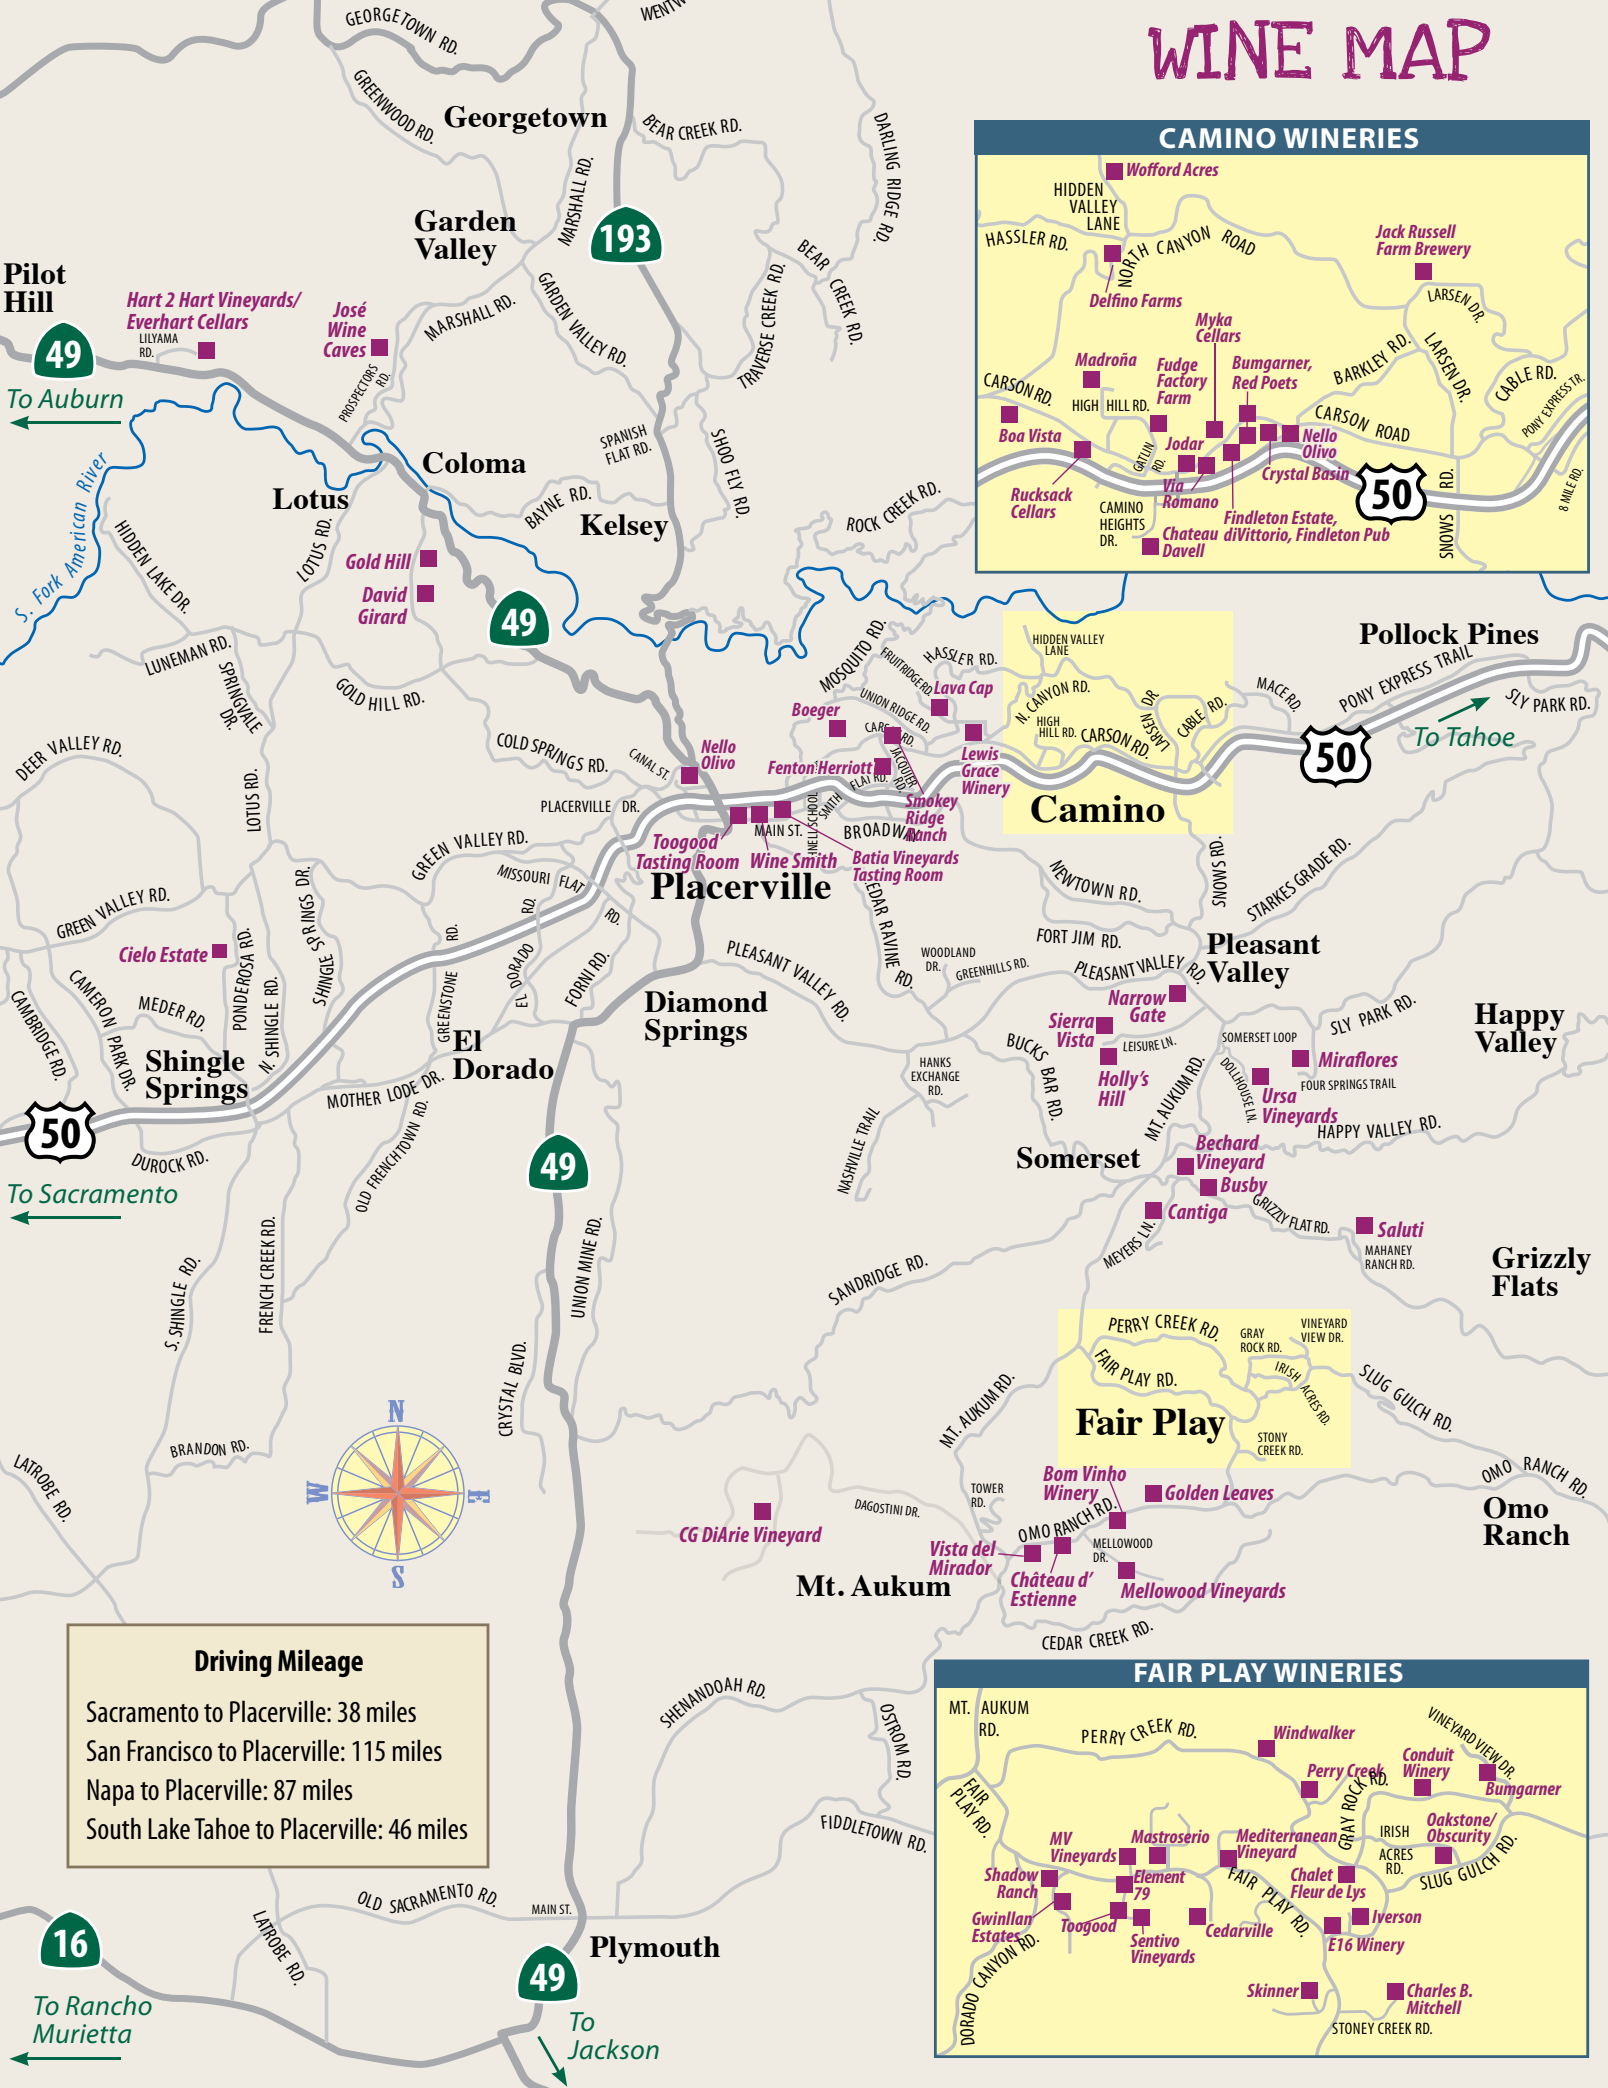

## EL DORADO WINE TRAILS

*The El Dorado wine region has attracted attention from critics and consumers around California and beyond. With over 150 years of history steeped in gold and agriculture, the region is poised for its newfound resurgence in viticulture. Our wineries are renowned for making vibrantly flavorful, distinctly delicious wines, grown in the dramatic elevations of the Sierra Nevada. Nearly 70 wineries throughout the El Dorado County offer outstanding value, taste, and variety with frequent opportunities to meet the winemakers and owners.*

## INTERESTING INSIDERS:

# The story behind Lover's Leap Guides

*“Do what you love, and the money will follow” is one of those sayings that holds true for many folks in El Dorado County. Whether it’s opening a restaurant, creating a legendary off-road trail, or becoming a climbing guide, you’ll find interesting businesses around here – and they have the stories to prove it.*

Lover's Leap is one of the most iconic climbing areas in El Dorado County. The steep and striking granite cliff band is visible from Highway 50 and Strawberry Lodge, boasting over 150 established routes. It's a popular climbing spot that dates back to the 1950s, one that also happens to boast world-class climbing.

Many of those climbing routes are thanks to M. “Petch” Pietrolungo, the low-key owner and lead guide of Lover's Leap Guides. He's lived in Strawberry since 1993, climbing existing routes at Lover's Leap and adding numerous first ascents that are now considered classics.

Petch landed in Strawberry at the end of an eight-month climbing trip. But before he returned to Humboldt County, he found work at the Strawberry Lodge, first in construction, then as a bartender in the winter. This gave him ample time to go rock climbing, discovering new routes along the way.

Bartending let Petch meet people – lots of them. Some of them became clients that he took climbing. One owned a guiding company, and in 1996, he found himself working as a guide, taking teenagers rock climbing and backpacking. That experience fueled his desire to run his own guiding company.

In 2003, Petch obtained an operating permit to work in the El Dorado National Forest and began Lover's Leap Guides. For nearly 15 years he was a one-man show, guiding newbies and experts alike, from all around the world.

In the last few years, he's expanded and now has a team of experts that offer guided trips and educational courses that range from beginner rock climbing to self-rescue seminars. Clients vary from complete beginners who have only climbed indoors and want to try outdoors to corporate team-building retreats to people who are on vacation looking for a new adventure.

As Petch puts it, “We get everywhere from the complete beginner to the expert. Our ideal client is just someone who wants to go climbing. We love rock climbing, so it's fun to guide people who enjoy it.”

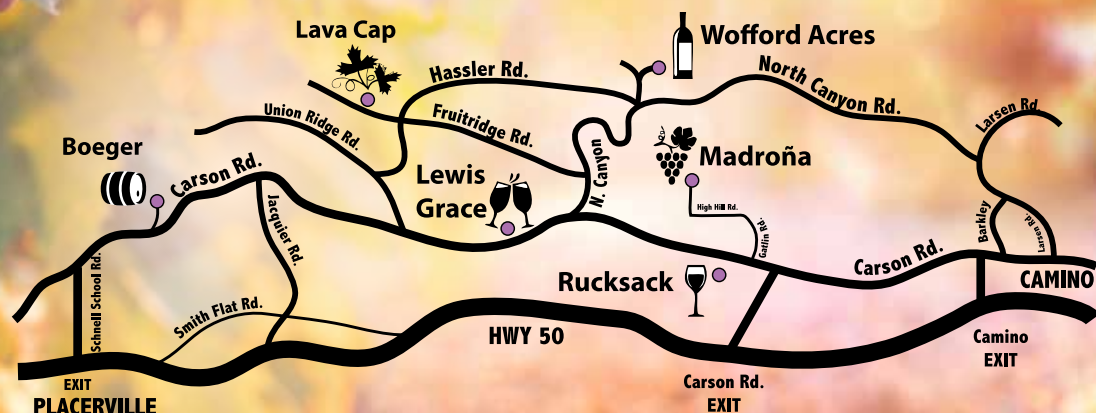

While there are many classic climbs at Lover's Leap, Corrugation Corner is quintessential Leap. It's a three-pitch 5.7 climb up the main wall of Lover's Leap with solid rock and a variety of types of climbing that's about five hundred feet long big exposure even though the grade is not very hard.

Petch may be the unofficial ambassador of Lover's Leap, but his expertise and knowledge go well beyond Strawberry. Phantom Spires, Sugarloaf, and Echo Lake are also nearby, all with unique rock, routes, and views. And he and the team at Lover's Leap Guides are stoked to show you some of the routes there when you're ready for a climbing adventure.
